

ISO 14001 ENVIRONMENTAL MANAGEMENT SYSTEM (EMS)

SONY PICTURES ENTERTAINMENT is dedicated to upholding environmental standards throughout the lifecycle of our products, services, and business activities. The internationally recognized standard for environmental management systems (ISO 14001) empowers SPE to manage the impact our organization has on the environment. SPE is committed to:

CLIMATE CHANGE

... reducing energy consumption and greenhouse gas emissions.

RESOURCES

... minimizing waste and maximizing the effort to reduce, reuse, recycle.

CONSUMER & EMPLOYEES

... using our reach to raise awareness and inspire environmental action.

CHEMICAL SUBSTANCES

.. reducing, substituting and/or eliminating chemicals with potential environment impacts.

BIODIVERSITY

... promoting biodiversity conservation through our business and partnership activities.
